Creating Opportunities for Women in the Infrastructure Space

Women professionals are

- graduating in near-equal numbers with technical degrees
- qualifying for technical jobs competitively
- having to drop out of careers because of family priorities

WHY? Because they are trapped in careers designed for men

This panel looks at examples of how this can be changed for the better

KAVITHA KASYNATHAN

*Head of Development for the Australian
Embassy in Nepal*

Kavitha Kasynathan serves as Head of Development for the Australian Embassy in Nepal.

A development professional, Kavitha started her career with Oxfam Australia in Sri Lanka and later joined the Australian Agency for International Development (now the Department of Foreign Affairs and Trade) in 2007.

She has led and managed the Australian Government's aid investments in the Middle East, Africa, Pacific and South Asia in multiple fields, including humanitarian, community development and human development (health/education).

Kavitha was posted to Afghanistan and has worked in West Africa (Ghana), Sri Lanka and Papua New Guinea.

Driving Sustainable Development through Strategic Investment

MR. NIRVANA CHAUDHARY
*Vice President, Confederation of Nepalese
Industries (CNI)*

Mr. Chaudhary is the Vice President of the Confederation of Nepalese Industries (CNI) and the Managing Director of Chaudhary Group, one of Nepal's leading conglomerates. With over two decades of experience in business management, he plays a pivotal role in the overall growth and strategic direction of the group.

A philanthropist, entrepreneur, and former national squash player, Chaudhary is also involved in numerous global initiatives. He serves as a member of the high-level steering committee of the United Nations Global Compact and the Forum of Young Global Leaders. His philanthropic efforts extend through the Chaudhary Foundation, where he is the Vice Chairman.

In addition to his business and philanthropic activities, Chaudhary has an academic background with executive education from Harvard University, London Business School, and MIT. He has held various honorary roles, including Honorary Consul of Serbia and the Maldives, and is an avid supporter of sustainable development, youth entrepreneurship, and public-private partnerships.

Driving Sustainable Development through Strategic Investment

Prof. MINI S. THOMAS
